Garden Centre & Gift Shoppe

March 30, 2020

Dear valued clients,

Routinely, this email would be welcoming you into a new spring season and providing you with information about the exciting season ahead with updates about new plants and decor. However, this year this email is intended to express our hope that you and your family are healthy and safe.

As we continue to monitor updates and see what will come of this season, we keep the health and safety of you, your family and our team members and their families at the forefront of our decision making. Although COVID-19 has proven to be a daily hazardous disruption to everyone's normal life, it has also reiterated the importance of health, family and friends.

Although we would like to be welcoming you into our store starting April 4th, it clearly isn't possible this season. As we continue to monitor and follow government updates on what we can do to flatten the curve and stop the spread of COVID-19, we will be delaying the opening of our season. We are working hard and thinking creatively to develop a modified online shopping experience, complete with contactless pickup or delivery, as per government guidelines. We will continue to update our website and Instagram account (@brockroadnursery) with the latest information and hope to have a tentative opening date soon.

We are thankful that, as with all things, this too shall pass, and we will be that much more grateful for your visit and the time spent with family and friends when this is all behind us. Until then, please stay safe and healthy.

We appreciate your understanding in these unprecedented times and hope to be serving you soon.

Tania Marthaler, Andre Marthaler & The Brock Road Nursery Family
